

High Rate SEVIRI NOAA Relay User Registration Form

The primary purpose of this form is to enable NOAA and NOAA Affiliated users to register for the High Rate SEVIRI image data service relayed via the NOAA DOMSAT satellite. The details supplied by you will be recorded in a database to enable efficient record keeping and future correspondence but will not be passed on to any third party. For further details concerning the DOMSAT satellite, please contact NOAA.

High Rate SEVIRI Image Data is also available via EUMETCast.

For further information on all services provided by EUMETSAT, please consult the relevant service Technical Description. A set of Technical Descriptions is available on the EUMETSAT website: www.eumetsat.int
